EDUCATION

Indian Institute of Technology, Guwahati

Btech. Computer Science Engineering

2023 – Present

EXPERIENCE

Add Spirits

May 2025 – Jul. 2025

FrontEnd Dev Summer Intern

- Developed a high-performance, **SEO-optimized** single-page web application built with **React.js**, **Vite**, and **Tailwind CSS**.
- Deployed on **Vercel** with **GoDaddy DNS** + **CI/CD**, scaling **7000+** users and **20,000+** views with **99.9% uptime** globally.
- Built dynamic routing, smooth animations and a responsive UI using **React Router**, **Framer Motion**, and **Lucide-React**.

PROJECTS

Decentralised Carbon Trading Platform

Jan. 2025 - Mar. 2025

Kriti 2025, Inter Hostel Technical Competition, IIT Guwahati

Website | GitHub

- Identified critical **transparency gaps** and inefficiencies in carbon emissions tracking and the carbon credit market system.
- Built a robust end-to-end blockchain solution using **Ethereum**, **Smart Contracts**, **IPFS**, **ZK-SNARKs**, **React**, and **IoT**.
- Facilitated secure carbon credit trading with automated attribution via **Soul-Bound NFTs**, thereby improving integrity.

AI-Powered Automated Trading Bot

May 2025 – Jun. 2025

Finance and Economics Club, IIT Guwahati

Website | GitHub

- Analyzed **10 000+** Indian news headlines to provide **real-time sentiment** cues, averting automated emotion-driven trades.
- Built pipeline with **React**, **Gemini**, **FinBERT**, **Kite API**, parsing **120** headlines/min, scoring sentiment and auto-trading.
- Reduced headline-to-order latency to **<5 s**, enabling **99 %** timely data-driven trades and elevating user confidence.

Curate25 – AI-Powered Web Builder

Jan. 2025 – Mar. 2025

Kriti 2025, Inter-Hostel Technical Competition, IIT Guwahati

Website | Github

- Identified **fragmented website creation process** for non-technical users and developed solution to streamline tailoring.
- Built end-to-end platform using **React**, **Node.js**, **MongoDB**, and **GPT-4** to auto-generate and deploy responsive websites.
- Reduced site-launch time by **70%** for **200+** creators and increased engagement metrics by **3×** through mobile-first design.

ACHIEVEMENTS

- Goldman Sachs Possibilities Summit**, Secured rank in **Top 60** out of 7,000+ applicants for the summit finale. 2025
- Coding Ninjas Training cum Internship Scholarship Exam**, Secured **National Rank 412** out of 9,000+ students. 2025
- Kriti 2025 - Inter Hostel Competition**, Secured **Gold Medal** in the DeFi and Blockchain problem statement. 2025
- GraphXplore National Hackathon**, Achieved **National Rank 2** in blockchain hackathon by The Graph Protocol. 2025
- Premier Badminton League**, Earned **Bronze Medal** in campus-wide badminton competition. 2024
- JEE Advanced Entrance Exam**, Secured **Rank 5,858** among 1,89,744 students. 2023
- JEE Mains Entrance Exam**, Achieved **Rank 7,750** among 11,13,325 students with 99.345 percentile. 2023
- NTSE Level 1 Examination**, Secured **Category Rank 8** out of 94,000+ students in national talent search exam. 2020
- Elementary & Intermediate Drawing Exams**, Certified by the Govt. of Maharashtra among 2.5L+ candidates 2018

TECHNICAL SKILLS

- Programming:** C, C++, Solidity, Python*
- Web Technologies:** HTML, CSS, ReactJS, Vercel*
- Version Control Systems:** Git, GitHub
- Operating Systems:** Windows, Linux, MacOS
- Database Management:** MySQL, IPFS
- Finance:** Blockchain, Fundamental Analysis
- Miscellaneous:** Verilog*, Shell Script*

* Elementary proficiency

KEY COURSES TAKEN

- Computer Science:** Data Structures and Algorithms (Theory & Lab), Design and Analysis of Algorithms, Digital Design, Computer Organization and Architecture, Database Management Systems (Theory & Lab), Discrete Mathematics
- Mathematics:** Probability Theory and Random Processes, Elementary Number Theory and Algebra, Basic Calculus
- Miscellaneous:** Ethereum Developer Degree, Fundamental Analysis Bootcamp, Multi AI Agents System with CrewAI

POSITION OF RESPONSIBILITY

Defi and Blockchain Head

Apr 2025 - present

Finance and Economics Club, IITG

- Leading cross-functional teams of **25+ developers** and executing strategic partnerships within the Web3 Ecosystem.
- Organizing technical workshops, national hackathons and industry level webinars with **1000+ participants** globally.
- Delivering scalable project deliverables and innovative technical solutions for DeFi and Web3 ecosystem development.

EXTRACURRICULAR

- NSS:** Completed **30+ hours** of community service volunteering demonstrating strong teamwork and social responsibility.
- TEDxIITG & Techniche:** Led marketing campaign involving **30+ students** securing **multi-lakh** corporate partnership deals.
- Badminton:** Competed in multiple large tournaments with **100+** participants, achieving victories in several competitions.
- Xpression Dramatics Club:** Performed in street plays indulging audiences of **500+** people, developing team coordination.
